

Observations of Marine Fair Weather Cumulus Clouds

Virendra Ghate and Mark Miller

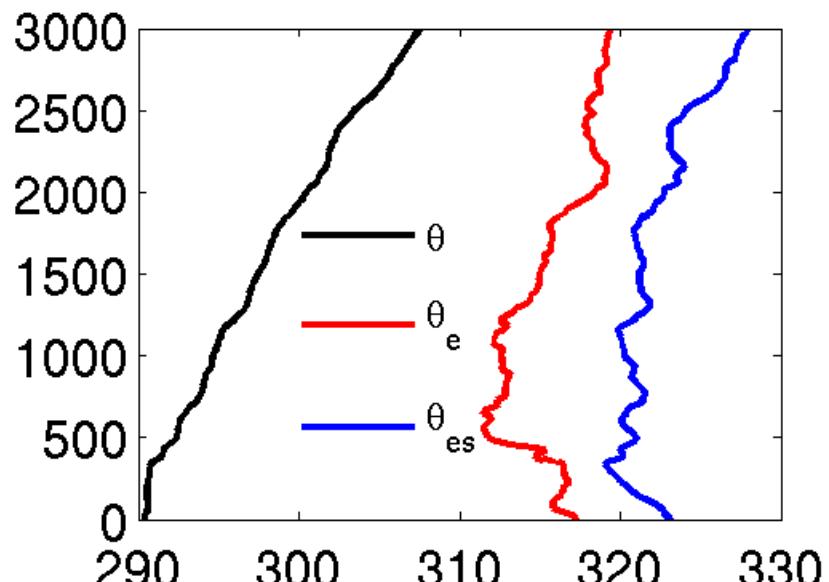

Department of Environmental Sciences,
Rutgers University

AMF Graciosa 26 June 2009

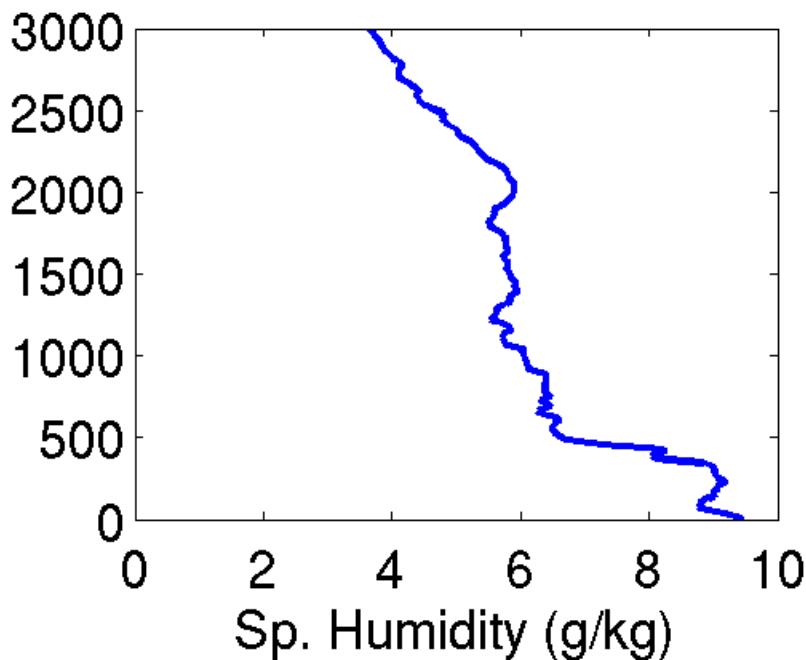

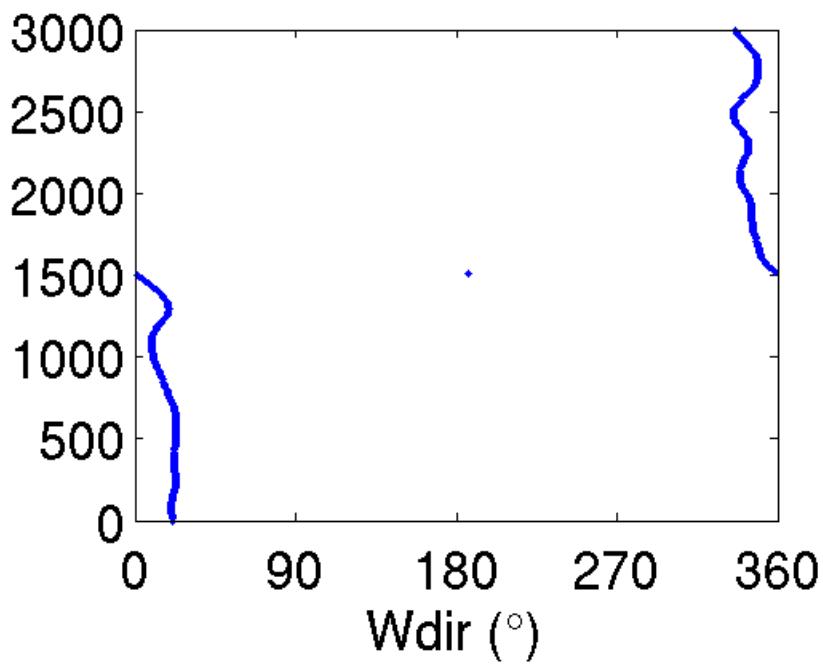

Height (m)

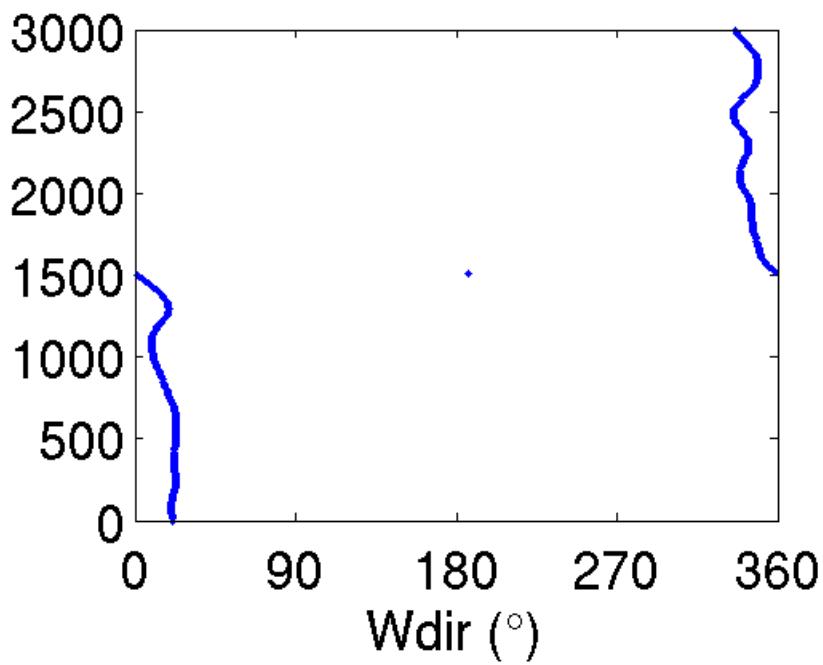

Temp. (k)

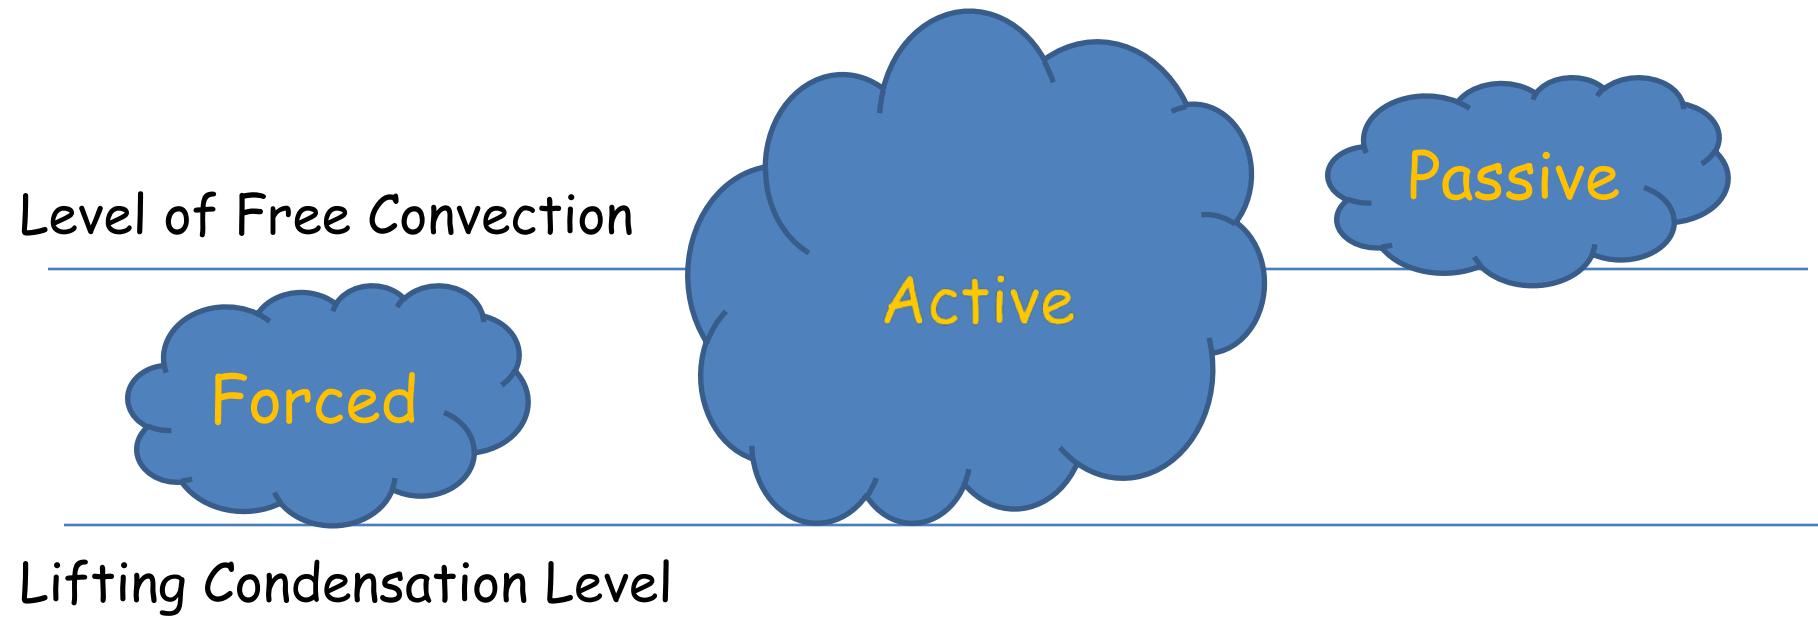

Sp. Humidity (g/kg)

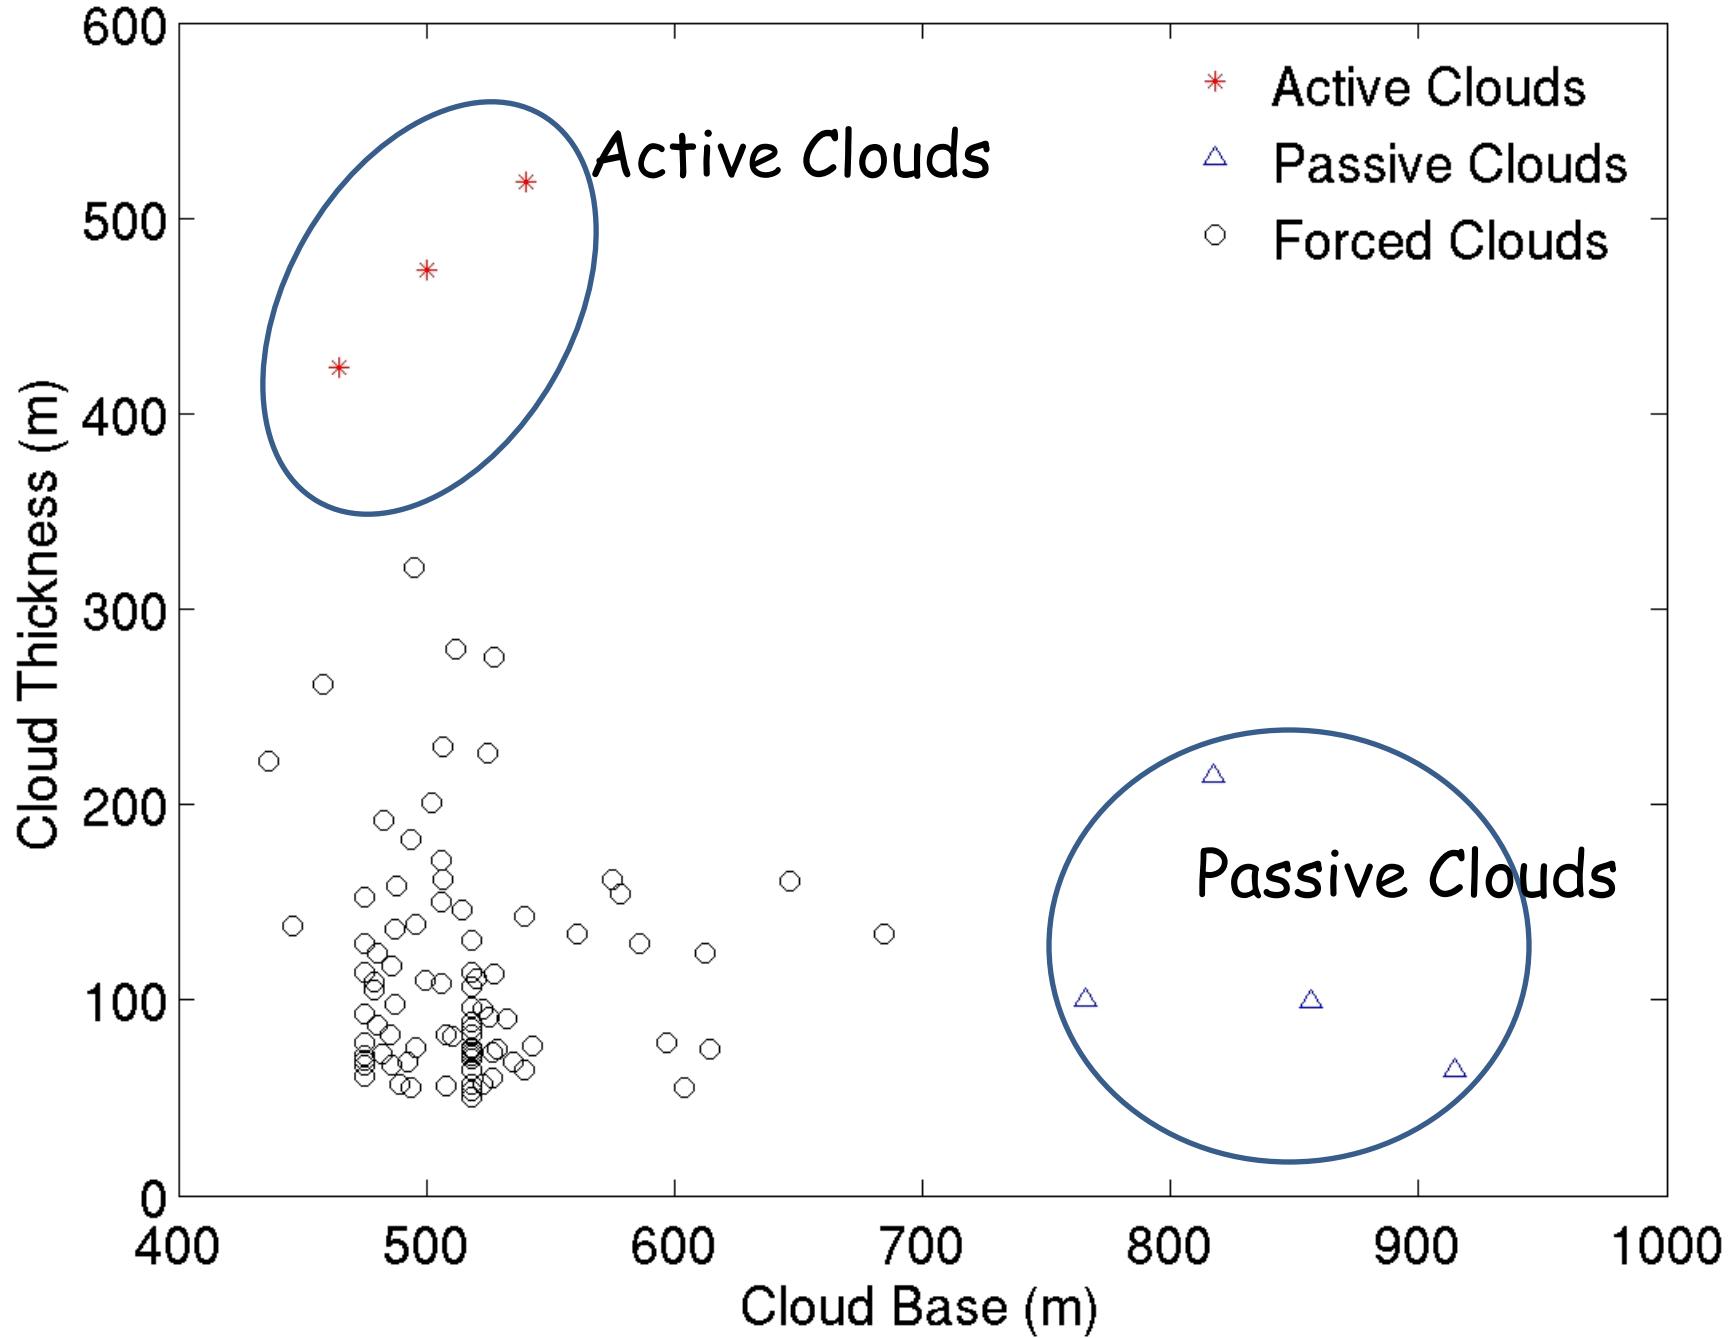

Wspd (m/s)

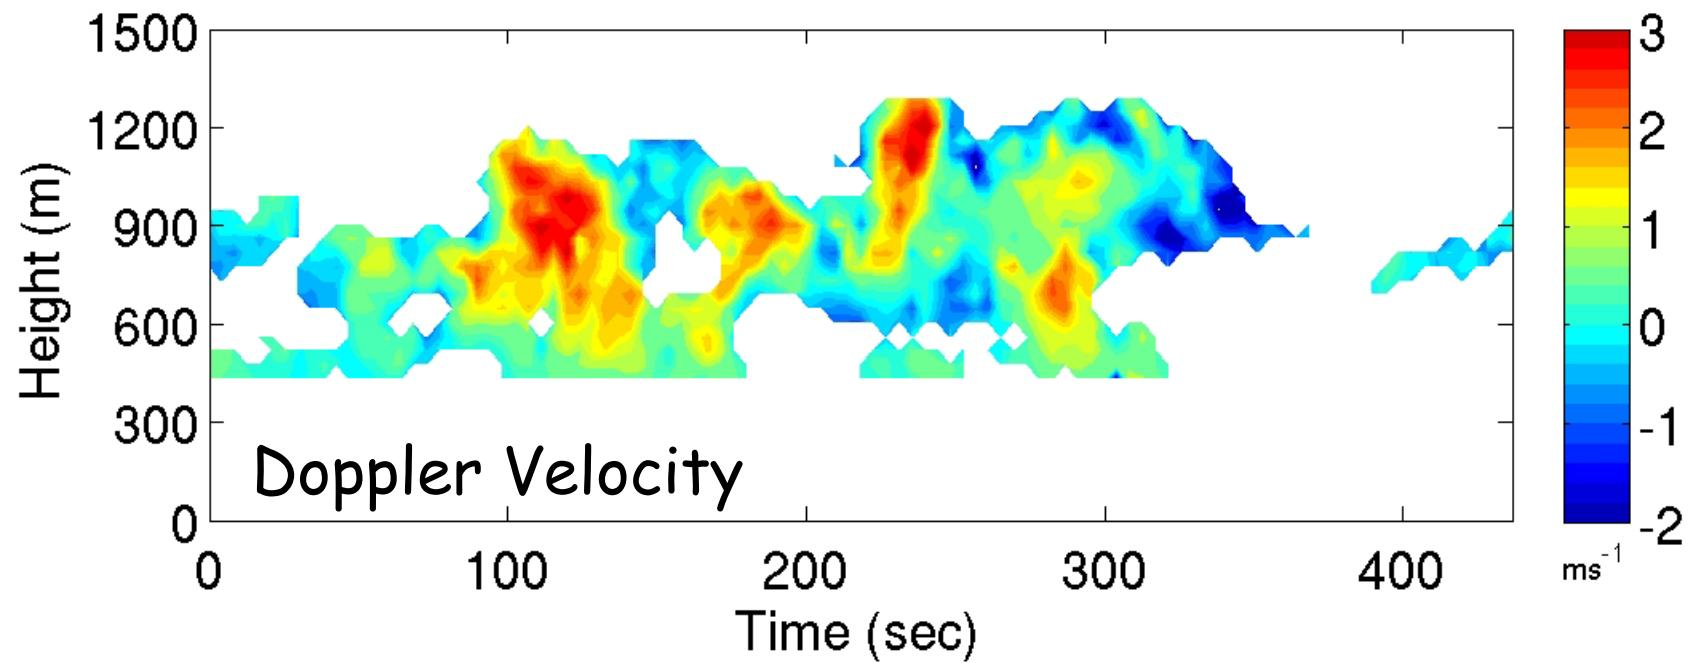

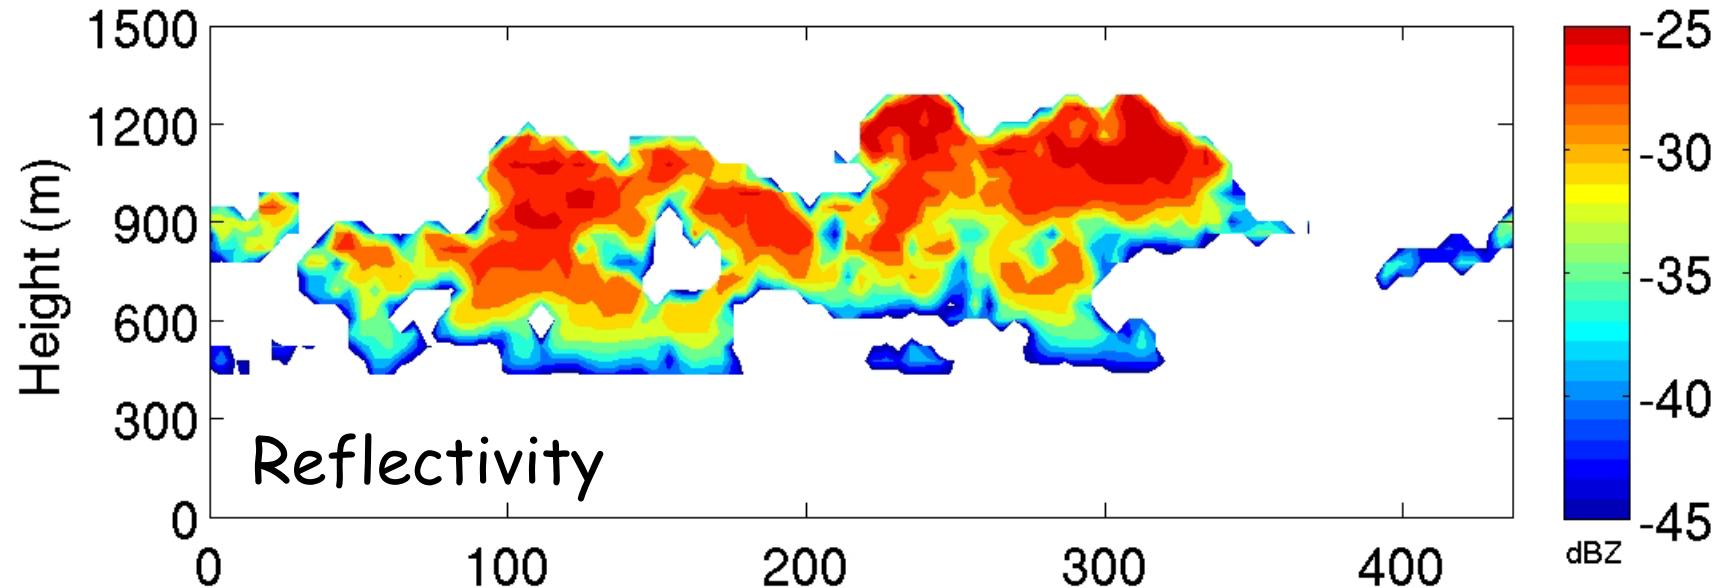

Wdir (°)

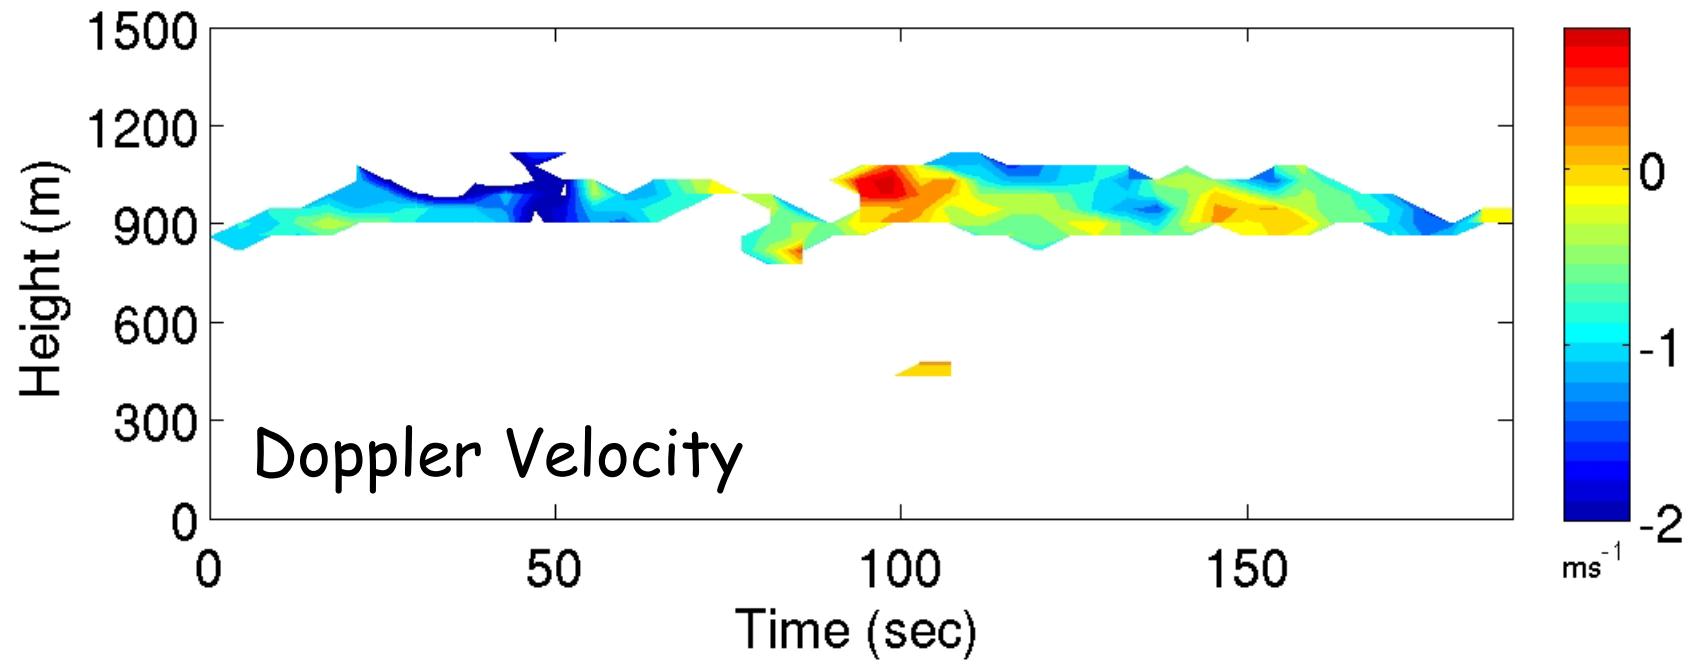

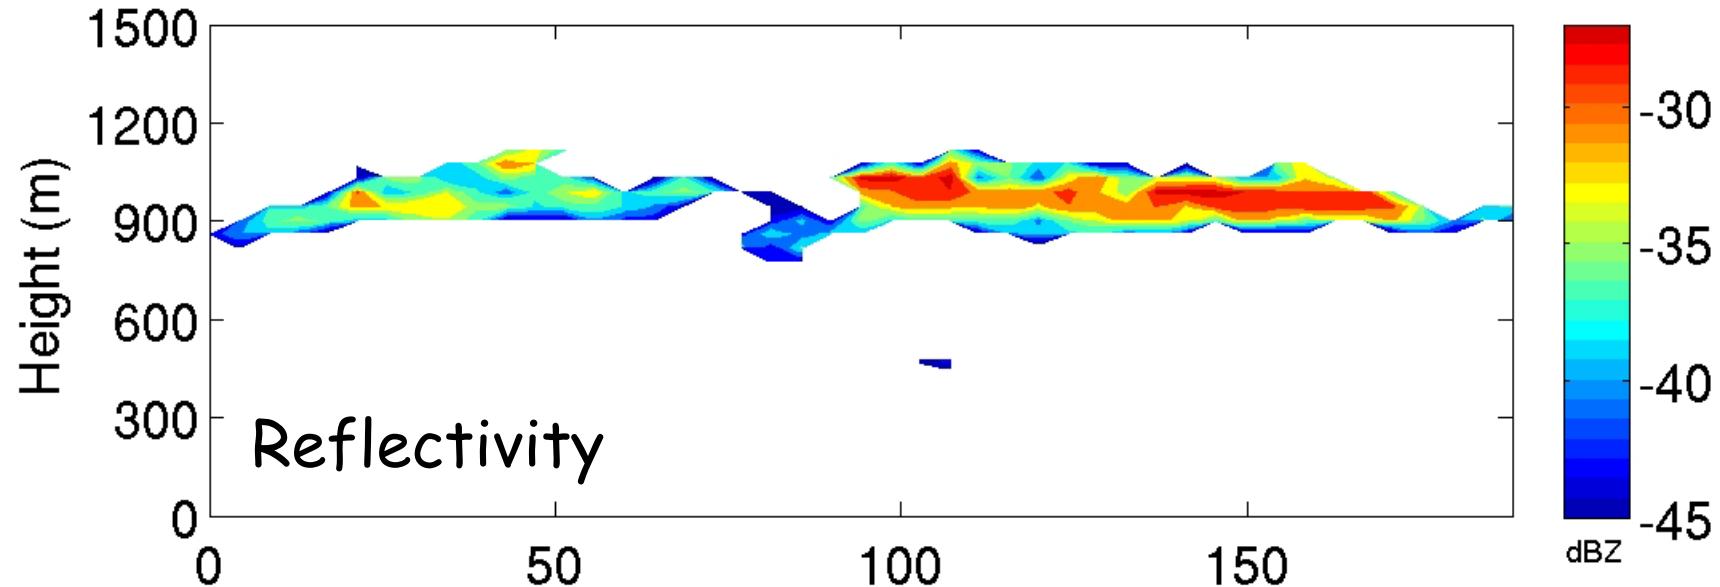

Stull (1985)

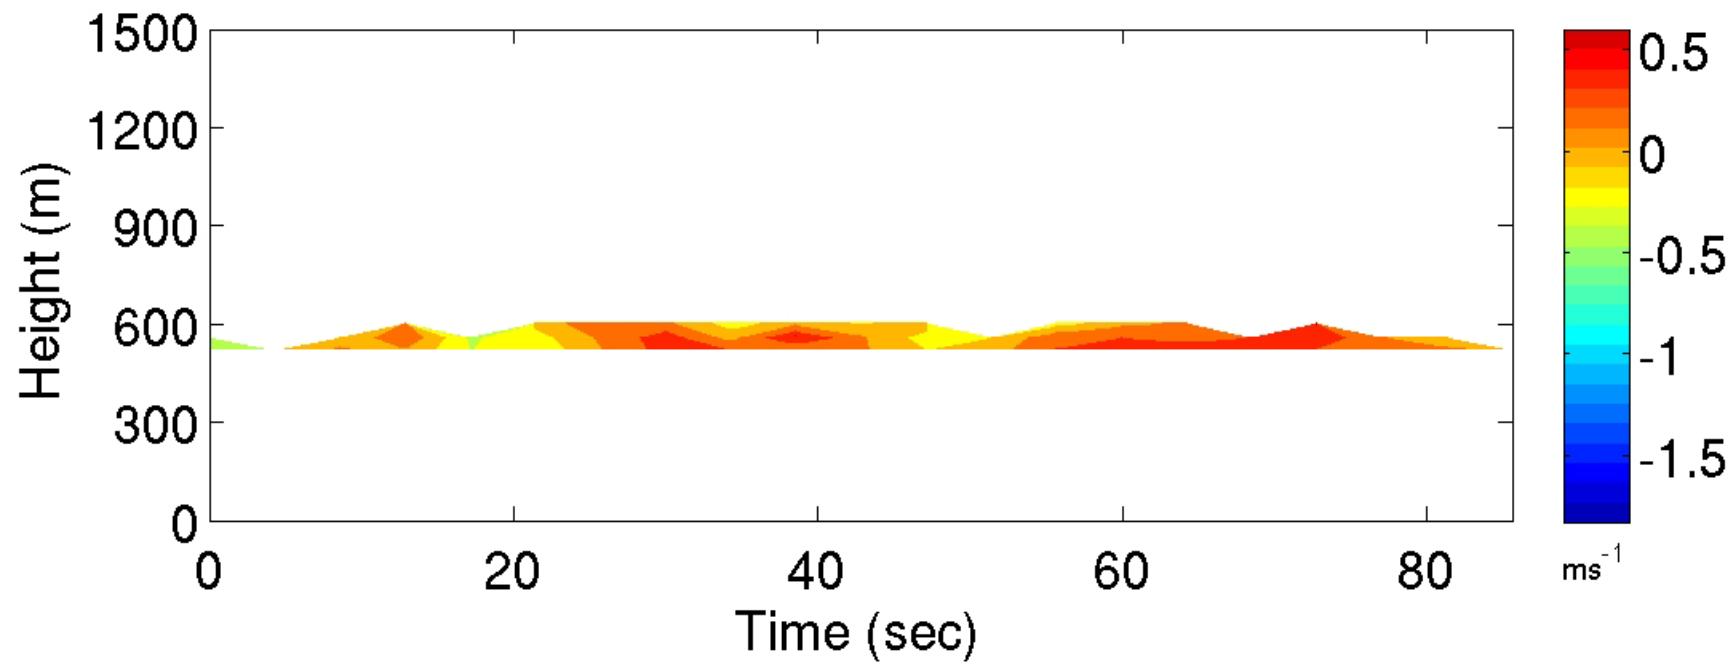

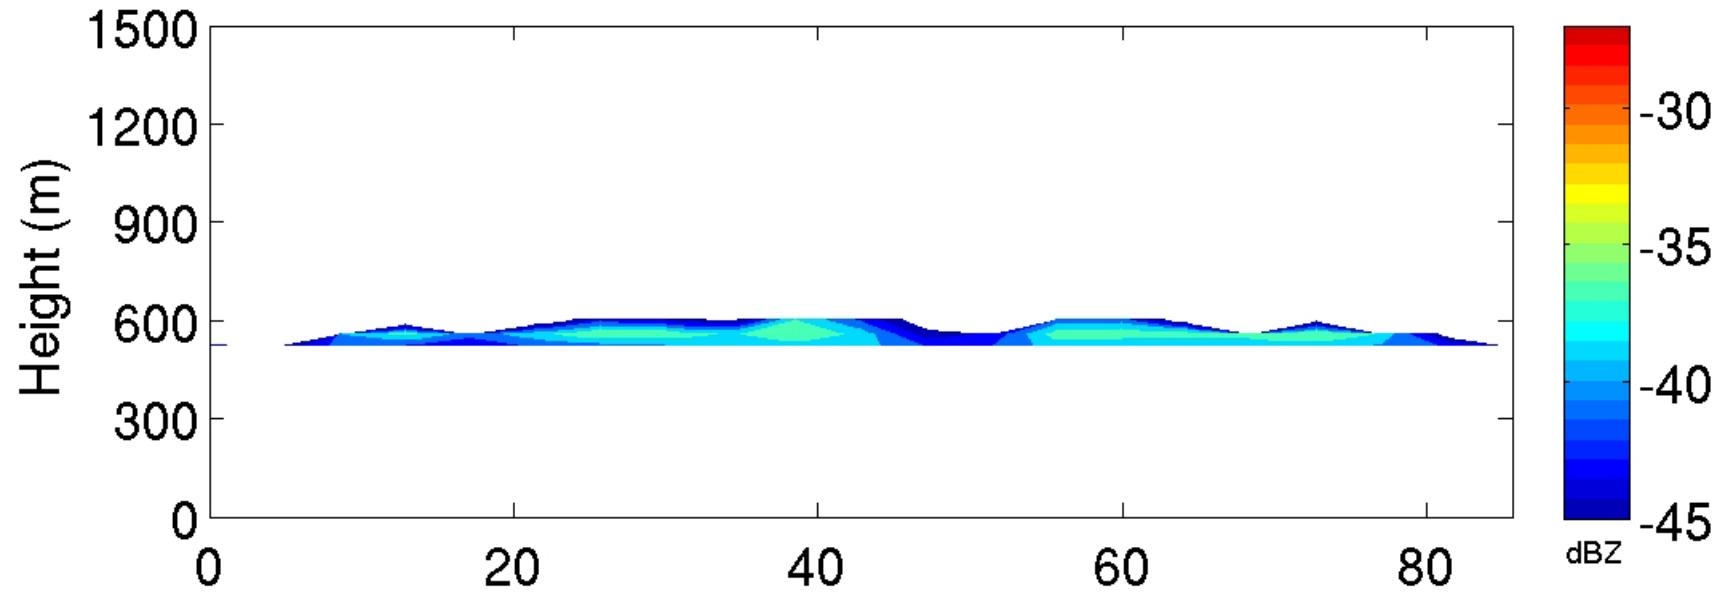

Active Cloud

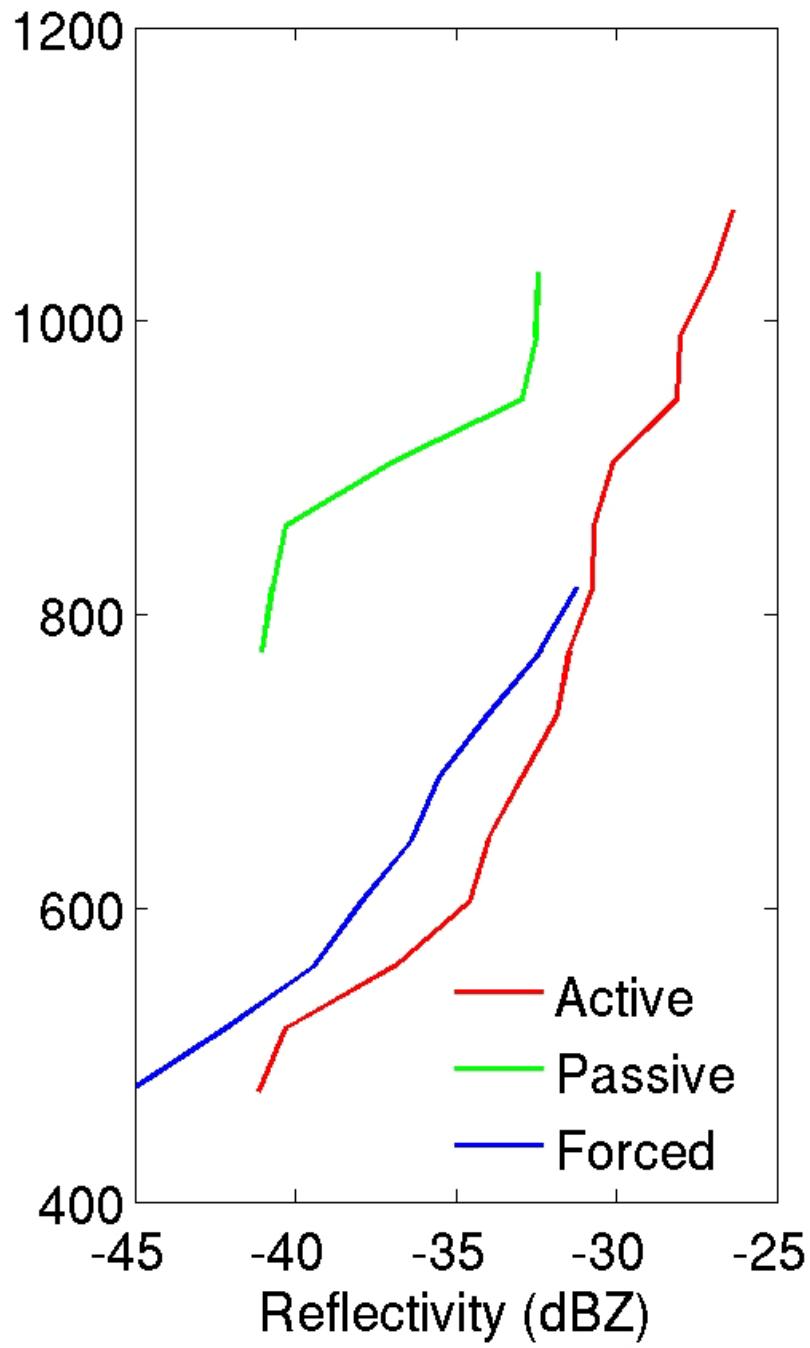

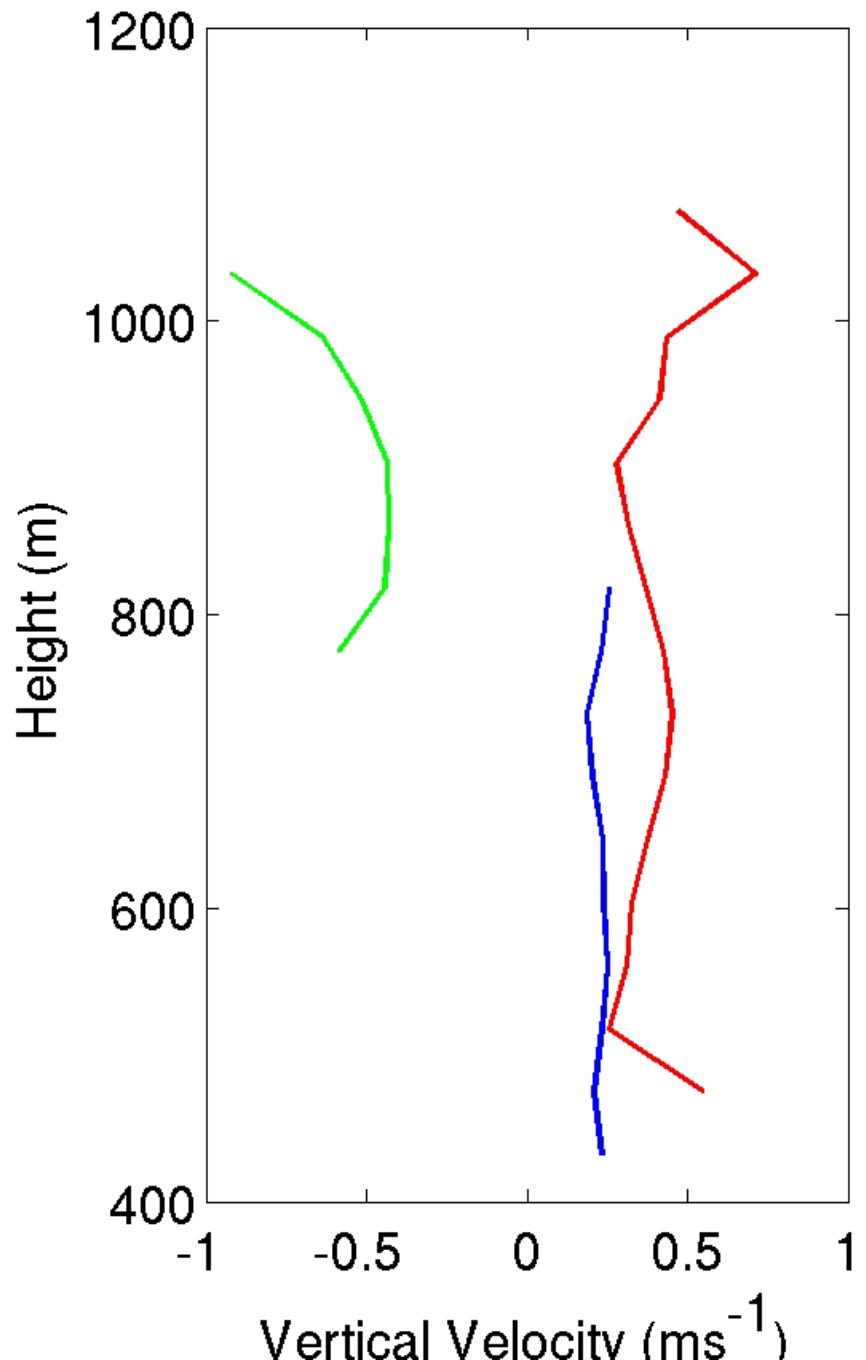

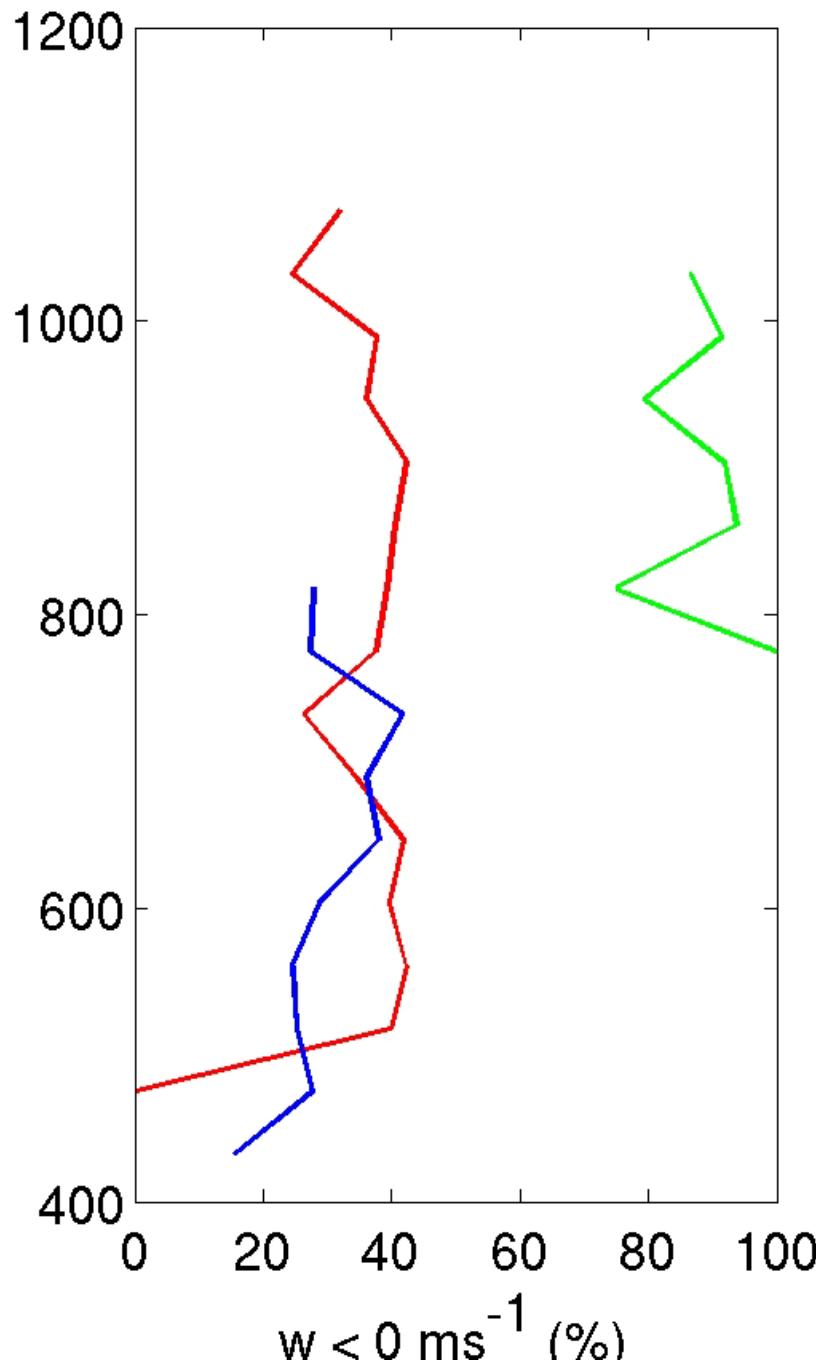

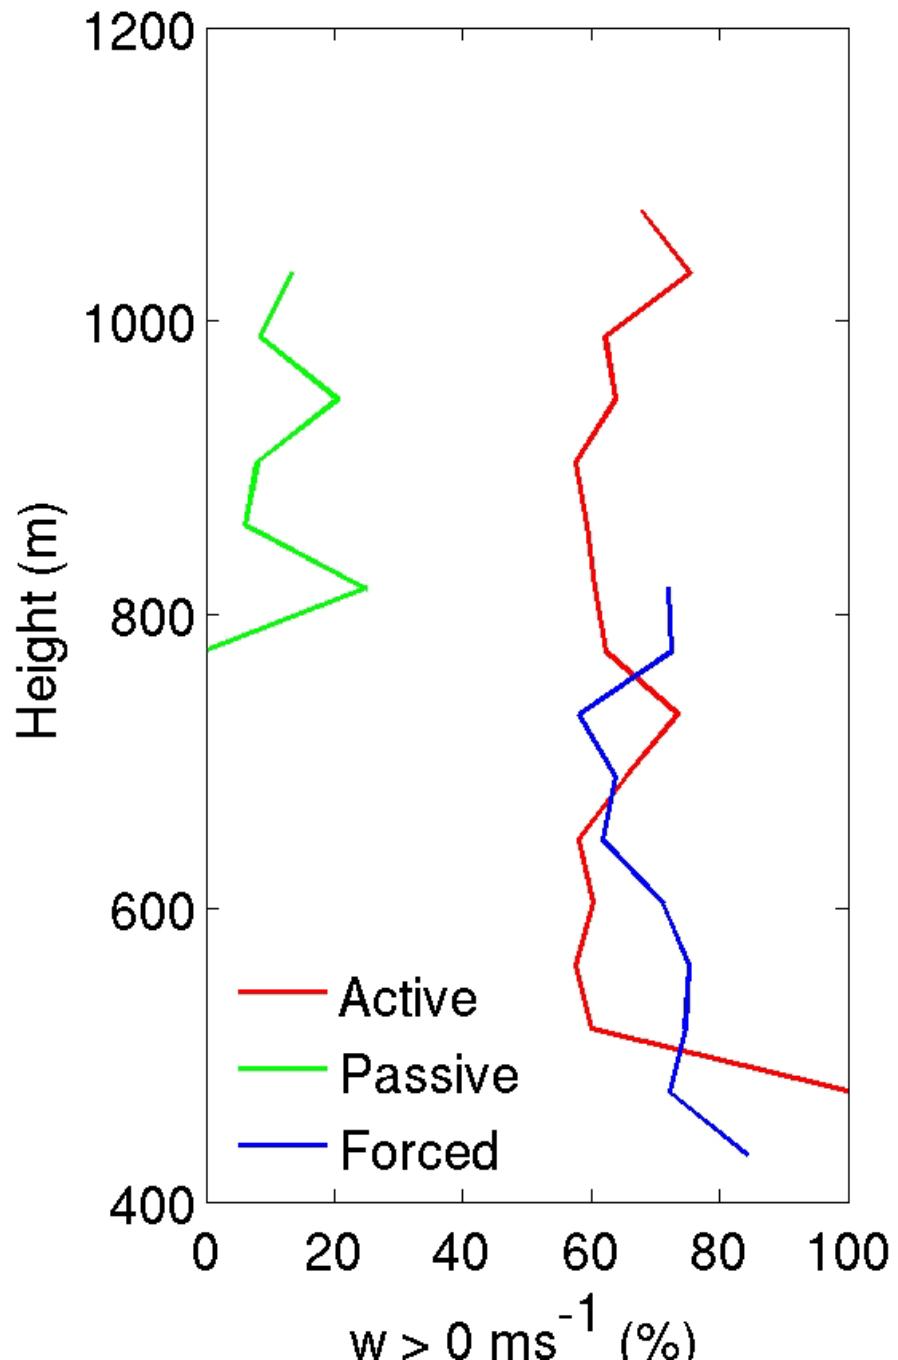

Passive Cloud

Forced Cloud

Future Work ... Issues

- Simulate the case using LES model.
- Lack of sea level observations .. Buoy ??
- Improved radar range resolution ...
Current resolution 43 m
